

DUE is a weekly publication aimed at exploring the impacts of contemporary topics[†] upon architecture.

[†]i.e. work/leisure, ugliness, economy-policy, cultural production, GreenWashing, ^{sub}urbia, The Everyday, powernaps[™]

DUE 1 • 07 Oct 2016 • Manifesto

Old French deü,
'to owe, debts owed';
in reference to points
of the compass c.1600,
'due east';
a catalyst 'due action,
-transit, -choice'.

In an atmosphere permeating both work and academia, where boundaries between professions continue to diminish, DUE encourages conversations and celebrations to cross these borders entirely.
